COVID-19 (Coronavirus) Admission Request

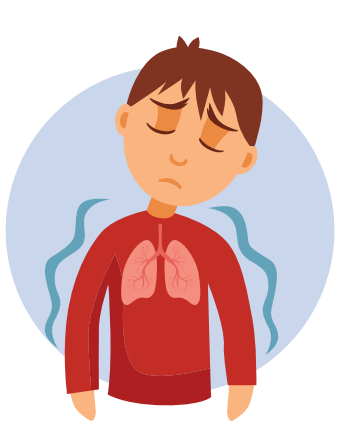
PLEASE PAY ATTENTION TO THE FOLLOWING ADMISSION REQUEST

All patients waiting for admission or assistance will be attended to in line with general admission processes. **HOWEVER – please note the following:**

If you suspect you have a respiratory viral or bacterial infection and are displaying any of these symptoms:

FEVER
38°C or higher

SORE THROAT



SHORTNESS OF BREATH

COUGH

AND

Have been in contact with a person(s) with confirmed COVID-19 **OR**

Have travelled to areas with presumed, on-going, COVID-19 spread in the past 21 days (areas change frequently – consult World Health Organization website for updated areas) **OR**

Attended to a person(s) with confirmed COVID-19 in a healthcare setting

FOLLOW THE OUTLINED STEPS

1. Do not wait in the general waiting areas with other patients
2. Proceed to the help desk immediately
3. Maintain a distance of at least 1 to 2 metres from all other persons in your vicinity
4. Observe hand hygiene and cover your cough with tissues or your elbow

You may be requested to wear a mask whilst you are being attended to according to a risk assessment and general infection prevention and control protocols.
