My Life More than **maternity** care.

Little Life integrated care programme at Life Beacon Bay Hospital

You carry your little one with warmth and tenderness, we are here to care for you

At **Life Beacon Bay Hospital** we offer the **Little Life maternity integrated care programme** to **Discovery Health patients** – an enhanced end-to-end patient journey to deliver care through a patient-centric, comprehensive approach.

More about this programme

We support you through your **antenatal journey with midwife support.**

Provide **personalised content** for you at each stage of your journey.

It is **grounded in evidence-based medicine,** guided by clinical best practice.

Consultations with your doctor are fully covered and follow a care plan structured according to your assessed risk, with no co-payments.

The programme is designed to **support regular attendance**, ensuring you receive the right care, at the right time, throughout your pregnancy journey.

Two routine scans (at 12 and 20 weeks) are included as part of the programme.

Backed by peer-reviewed guidance, led by specialists, supported by midwives.

The obstetrician and hospital fees for the confinement and delivery are **covered in full**, irrespective of the type of delivery.

Life HEALTH CARE Beacon Bay Hospital

Making life better

		Coastal Core
		Essential Smart Plan
		Essential Dynamic Smart
3	Keycare	Keycare Plus
		Keycare Core

Please note:

- Any admission that may be required during your pregnancy is seen as a distinct event and covered according to your available benefits.
- Any other specialists' fees are covered according to your available benefits.
- Other blood tests, invasive and non-invasive genetic testing, antenatal classes, pregnancy supplements, and visits to additional clinicians are covered in line with your medical scheme's standard available maternity benefits.
- You may select to visit your obstetrician earlier than 12 weeks, but the programme will only commence from 12 weeks. Earlier visits are paid from available benefits. To activate your maternity benefit, it is essential to register your pregnancy with Discovery Health as soon as it is confirmed by your doctor.

More than **maternity care** – it's **My Life**, maternity
